Dear Crescent Members,

Greetings and a special Thank You to all the members of Crescent. You give to the club what ever Crescent needs and when it is needed. We have over four hundred members that have a passion and ability to create a great environment for sailing, along with the willingness to share it with others.

I also want to thank the Flag and Board for making my year as Commodore run smooth and efficiently. I had a very experienced and forward looking board. The decisions that were made were well thought out and kept our club headed in the right direction. Additionally, as a flag officer I realized just how dedicated all members are. Crescent's chairman know what is needed to keep our club operating. Strange how projects get done, even when a commodore interferes, I thank them all for their extraordinary efforts.

I have seen Crescent bloom with the expansion of the harbor... It was a huge step towards making Crescent a world class yacht club while preserving our Club's main objective! "...**sailing exclusively and to extend sailing facilities to the person of moderate means.**"

Our Club's work ethic helps keep our cost of sailing to a minimum, but it also allows us to work together and build camaraderie. You get a different perspective when you are a Commodore. You get to see how everything molds together. I felt the pulse of Crescent. I felt you all making Crescent what it truly is, a close sailing family. It has been fantastic to have been surrounded by all this excitement.

I want to thank my wife Kathy for all her support, understanding and patience during my time as a flag officer. Kathy is first in my heart and will always be my First Lady.

It has been my honor to represent Crescent and I am proud to have helped keep the sparkle in our gem. Thank you all for sharing with me this unforgettable experience.

Sincerely,

Ron Jacksy
